

## REMARKS

The Applicant respectfully requests the Examiner to enter this Amendment After Allowance. The amendment is needed to correct a redundant recitation in dependent claim 5. The proposed amendment does not require an additional search or examination because the amendment simply cancels a dependent claim and changes the dependency of another dependent claim. The claims are patentable for the reason set forth in the file history. The claim amendment was not presented earlier because the amended claims were withdrawn from prosecution until the Examiner rejoined the withdrawn claims when issuing the Notice of Allowance.

In view of the foregoing, the Applicant respectfully requests the amendment to be entered. Please call the undersigned attorney if there are any questions.

Respectfully submitted at Canton, Ohio this 28<sup>th</sup> day of June, 2004.
